

**Welcome to our agency,
where indeed, Insurance does Matter.**

Insurance Matters is a family owned, Colorado based, Insurance Agency, dedicated to helping you protect your business by protecting your employees, regardless if it's one or a hundred.

In every evaluation and subsequent proposal, we consider cost-effective and tailored employee benefits, efficient limits, ease of use, carrier ratings, our extensive insurance experience, and our free ongoing client support - all for your business benefit. We aspire to get you the best possible plan based on your needs and then keep it up to date, because insurance benefits and regulations change often.

Based on a brief interview and a free evaluation of your current Group Health Plan, we will personally compile and submit your Employee Statistics to a variety of major carriers and affiliates for competitive quotes and plans best suited for your individual business. Our attention to detail will reflect in our easy to understand proposal, which will give you confidence in your decision. We are committed to the proposition that insurance is a critical part of employee protection and satisfaction and therefore, to your subsequent business success.

We also realize that our business ethics and our free ongoing professional support services are essential in maintaining your customer loyalty, which as a businessperson, we know you understand. Once your tailored plan is in place, we guarantee to be readily available to assist you in answering questions and providing ongoing personal service in all your **Insurance Matters**. Our goal is to develop a long-term, mutually beneficial relationship by protecting your employees in a cost-effective, friendly, personal and professional manner.

We can assist you in most **Insurance Matters**. However, we specialize in providing the following group and individual insurance products along with free, ongoing support services:

- .. Group Health and Life
- .. Group Disability
- .. Group Dental
